

# HAWK [IK-93]

PORTABLE AUTOMATIC GAS CUTTING MACHINE

**The HAWK gas cutter is a portable gas cutting apparatus developed primarily for the purpose of high quality straight line, hand guided cutting. In addition to featuring high cutting quality, it also demonstrates unprecedented smooth operation and mobility.**

- The HAWK has been designed with the emphasis on ease of operation. In addition to the trigger being placed higher to facilitate use at the inside or outside radius of curves, the design also emphasizes coupled operation with a speed adjustment dial.

- Gas manipulation, clutch operation and speed adjustment can be performed while holding the clip in one hand.
- It is easy to follow a marked line using the guide pin.
- Travel is possible in both the forward and reverse directions.

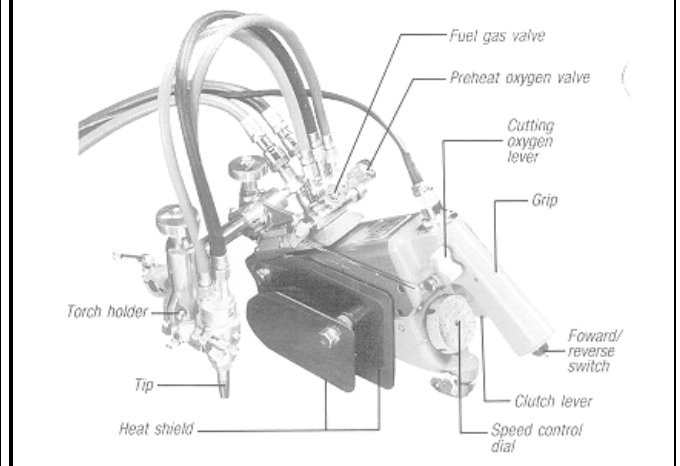

- Four types of holders are available, including a rack type, screw type and bottom beveling type.
- Numerous options are also available, including a straight rail, circular cutting attachment and other helpful accessories.

# Portable Automatic Gas Cutting Machine

## Specifications

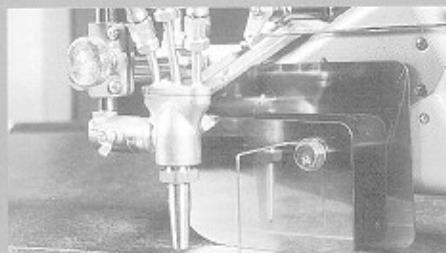

Cutting thickness	5-100mm (1/8" - 4")
Cutting Speed	10-100mm/min (4-40ipm)
Speed Control	Controller IC (dial adjustment)
Heat Shield	Double-plate construction
Clutch	Trigger-type
Direction Changing	Forward/Reverse switch
Power Supply	AC120V
Motor	DC24V
Total Length	380mm (15")
Weight	Type A: 7.2 kg (16 lbs.)
	Type B holder: 7.5 kg (16.7 lbs.)

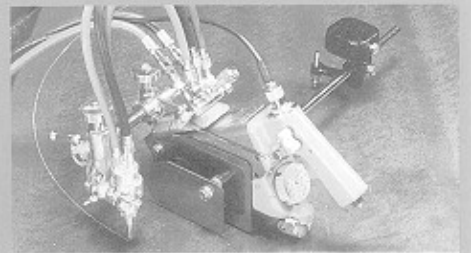

**A wide range of unique options are available to double the functions of the HAWK.**

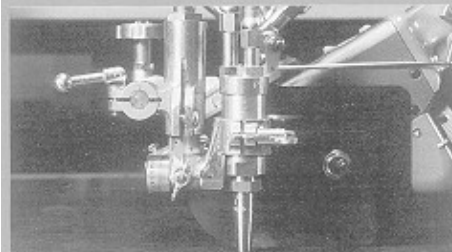

**Type A Torch Holder**  
(rack type): S/N60036852  
Vertical stroke: 90mm (3.5")

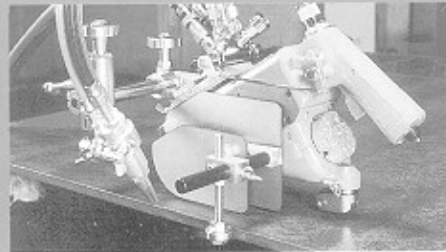

**Guide pin**  
(shown in photograph, common type)  
For types A, B and C: S/N60036955

**Circular cutting attachment**  
(shown in photograph)  
Radius 50-550mm (2-22") : S/N60033353  
**Straight rail**  
1.8m (12") units: S/N BBA18301

**Type B Torch Holder**  
(fine adjustment type):  
S/N60036926  
Vertical stroke\*: 45mm (2")

**Tracer Guide**  
S/N60038959

**Wheel brush**  
(shown in photograph): S/N60036957  
**Weight and Support Bar**  
Long type 135mm (5.25") : S/N60031855
